2. As may be noted from reference a above, a fire of undetermined origin destroyed one antenna pole and damaged another at the Hawaii Bureau, FBIB on 24 December 1948. Estimated cost of repair and replacement is \$275.00. The bureau chief has stated that the Mutual Telephone Company of Lihue, Kauai is the only concern on Kauai properly equipped to furnish the required service. The work should be completed at the earliest possible date.

3. It is therefore requested that authority be granted for replacement and repair of the described antennae poles, and that because of the urgent nature of the action no invitations to bids be required.
